

## **Scoring the Danger Assessment Tool**

- 0 - 7**      **Be careful – danger may increase very quickly**
- 8 - 13**      **Danger is increased – safety planning and increased monitoring is vital**
- 14 - 17**      **She is in SEVERE danger: actions are needed to protect her life. Assist in procuring a strong safety plan, consult with judges, and if the abuser is in the criminal justice system request a high level of supervision**
- ≥ 18**      **She is in EXTREME danger; her life is at great risk and she needs assistance NOW. Call law enforcement and recommend the highest level of sanctions possible against the abuser.**

**Regardless of the score, always trust your ‘gut’ feeling and implement safety parameters!**
