## FY 2022 Edward Byrne Memorial Justice Assistance Grant Proposal Narrative

As the Idaho State Administering Agency (SAA), the Idaho State Police Planning, Grants, and Research (PGR) department will follow the same awarding and monitoring process as we have with previously awarded Edward Byrne Memorial Justice Assistance Grant (JAG) funds. PGR will release a continuation solicitation, as well as a solicitation for new applications, if funding is available, and make it accessible to all state, local, tribal, faith-based, and non-profit organizations. After applications are reviewed by PGR and the Idaho Grant Review Council (Council), a funding meeting will be held, where all eligible applications are discussed, and final funding decisions are made by the Council. New projects awarded in September 2020 range from the enhancement of a fusion center to crime prevention; training in officer wellness and PTSD, artificial intelligence, domestic terrorism, and opioids and other illicit drugs; domestic violence, sexual assault, and vulnerable victims programs; fixed automated license plate reader systems; substance abuse treatment; and youth prevention and education programs. It is anticipated that FY 2022 JAG funds will help support the awarded projects in their third year of funding.

In July 2011, Executive Order No. 2011-11 was signed by Idaho's Governor, establishing a new Grant Review Council under the Idaho Criminal Justice Commission (ICJC), replacing the Idaho Criminal Justice Grant Review Board (Board). With this new directive, some members of the Board were replaced, and new organization members were added, bringing the total from 17 to 20 and changing the dynamics of the Council. Thirteen (13) members of the Council are also members of ICJC, whose purpose is to provide policy-level direction and to promote efficient and effective use of resources, based on best or evidenced-based practices, for matters related to

Idaho's criminal justice system. ICJC consists of 24 members from all branches of government and three (3) citizens at large. On December 21, 2022, Executive Order No. 2020-20 was signed by Idaho's Governor, continuing the ICJC and the Council. Members of both are listed in the newest Executive Order and has been attached as a separate document under this application.

ICJC's [Three-Year Strategic Plan](#) was approved on November 20, 2020, and establishes priorities for Idaho. This plan includes objectives that meet the Department of Justice's (DOJ) requirements for states to engage in strategic planning when making allocation decisions about JAG funds.

The Idaho Statistical Analysis Center (ISAC), a component of PGR, conducted a Needs Assessment Survey in 2011, analyzing gaps in criminal justice services, as well as the needs of the criminal justice community. The survey was sent to criminal justice organizations (police and sheriff departments, adult and juvenile probation and parole, corrections, juvenile corrections, etc.) and community leaders (mayors, county commissioners, etc.). Since the first Needs Assessment was published in March 2012, numerous JAG projects have addressed the identified gaps and needs including:

- juvenile prevention and education programs;
- sexual assault programs;
- domestic violence services;
- classroom and online trainings in computer crimes, investigating and preventing school violence, human trafficking, and educating multidisciplinary professionals to better serve the needs of Idaho crime victims of domestic violence and sexual assault;
- treatment options for mental health and drug/alcohol abuse;
- fusion centers; and

- ▲ officer safety equipment.

To enhance and update Idaho's approved strategic plan, ISAC reviewed data from the Idaho Incident Based Reporting System (IIBRS) to examine prevalence, outcomes, and crime trends reported by law enforcement in Idaho. They also conducted an updated statewide needs assessment in June 2019 through a survey of criminal justice professionals across the state; seeking again to identify gaps in services and priority areas for funding distribution. As before, the survey was sent to law enforcement, prosecutors, public defense attorneys, judges, and adult and juvenile corrections, with the addition of victim service providers. ISAC also sent a modified version of the survey to community leaders, faith-based organizations, and other relevant sectors of the community. After receiving 615 responses from across all of the afore mentioned sectors and supplemented with state administrative law enforcement and behavioral health data sources, ISAC compiled and analyzed the information and in May of 2020, published the Idaho Criminal Justice Needs Assessment. The publication can be found at, <https://isp.idaho.gov/pgr/wp-content/uploads/sites/16/2020/05/Idaho-Criminal-Justice-Needs-Assessment.pdf>. PGR will identify any gaps in Idaho's criminal justice services and release a solicitation sometime next year, 2023 for new projects, based on those gaps and JAG identifiers, along with input and priority areas from ICJC and the Council.

Not only has ISAC developed and conducted our Needs Assessment surveys, but they also aided PGR in meeting SAA's Deaths in Custody Reporting Act (DICRA) requirement by researching and gathering information needed, then designing two (2) data collection forms; one for law enforcement and corrections and one for juvenile corrections. Along with the fillable forms, ISAC established DICRA guidelines and frequently asked questions for responders and assists every

quarter in distributing and collecting the form for PGR to enter/upload the information in the PMT system.

ISAC's continued partnership with the Idaho Council on Domestic Violence and Victim Assistance, the Idaho Victims Compensation Program, and the Idaho Network of Child Advocacy Centers has resulted in quarterly data collaboration meetings to discuss the data each agency has available, along with data needs and gaps. The initial partnership between this group resulted in a [Crime Victim Services Dashboard](#) powered by Tableau and a publication titled "[Forensic Interviews in Idaho: Current Challenges and Opportunities for Coordinated Service Delivery.](#)"

ISAC continues to foster its partnership with the Sexual Violence Prevention (SVP) Health Program Manager with the Division of Public Health at the Idaho Department of Health and Welfare. ISAC worked with the SVP program to gather and analyze data to allow them to better understand and track specific factors that contribute to sexual violence perpetration. This project resulted in the [Sexual Violence Prevention Indicators](#) dashboard (also powered by Tableau and managed by Get Healthy Idaho) and the "[Idaho Sexual Violence Surveillance System: Initial Development and Data Analysis](#)" publication.

ISAC has collaborated with many agencies and workgroups throughout the years. For the past 17 years, ISAC has participated on the State Epidemiological Outcomes Workgroup (SEOW) with other agencies such as the Idaho Office of Drug Policy, Idaho Health and Welfare's Vital Statistics and Behavioral Health, the Idaho Department of Correction, the Idaho Department of Juvenile Corrections, and the Idaho Supreme Court. The ISAC Director is the current SEOW Chair. ISAC was an integral player in revitalizing the Research Alliance, a subcommittee consisting of researchers from member agencies of ICJC. Since the development of the Idaho Criminal Justice

Commission Data Sharing Platform, ISAC has forged relationships and built an environment where sharing data is seen as beneficial. The project spurred conversations between the Research Alliance and ICJC regarding a widespread system of data integration. After developing the idea more, a white paper by the Research Alliance was given to Idaho's Governor, which ultimately resulted in legislation being passed creating the Criminal Justice Integrated Data System. In 2020, ISAC was invited to bring their expertise in data sharing to the Data Coordination Subcommittee of the Opioid and Substance Use Disorder Advisory Group. Established by the Governor in 2019, the group aims to use data and research in making recommendations to the Governor to address the opioid crisis and includes members from across the health care and criminal justice systems.

As the SAA, we work closely with ISAC and benefit greatly from their expertise and partnerships within the criminal justice community to help align funding strategies and priorities. Due to the late release of the FY 2018 JAG solicitation, coupled with the court ordered injunction and all the confusion associated with the new certifications, PGR's funding cycle for calendar year 2019 was delayed by at least 10 months. With the COVID-19 pandemic and the Coronavirus Emergency Supplemental Funding (CESF) Program award, PGR delayed the funding cycle further for calendar year 2020. Applications for new projects were submitted in late December 2019 and funded by the Council in September 2020. A solicitation for continuation projects was released in June 2022 and a solicitation for new one-year equipment or training projects will be released in the fall of 2022, as well as the afore mentioned solicitation for new projects being released sometime next year, 2023.

PGR has long established grant management procedures in addition to financial and reporting systems that separately track at the state and subgrantee level, all federal and state funds, and any

associated activities such as drawdowns, grant expenditures, goals, objectives, and performance measures.

PGR provides technical assistance at every stage of the subgrant process; conducts subgrantee site visits and desk reviews; approves all subgrant reports, draw requests, and adjustments; submits all required federal reports, grant applications, and grant adjustments; and attends grant related trainings/conferences to ensure all JAG requirements established by Congress, DOJ, and the Bureau of Justice Assistance (BJA) are met. PGR also enters the required DICRA information and designates which program modules each JAG subgrant is required to complete in the BJA Performance Measurement Tool (PMT) system. Subgrantees report quarterly and semiannual activities that are reviewed and approved by the PGR JAG manager.

## Narrative

The three (3) Grants employees work in the Planning, Grants, and Research (PGR) department of the Idaho State Police (ISP). ISP is the Governor appointed State Administering Agency (SAA) for the Edward Byrne Memorial Justice Assistance Grant (JAG) for the State of Idaho. The Financial Specialist works in ISP Financial Services.

Misty Kifer is a Grants and Contracts Officer who manages the STOP, RSAT, and PREA grants, and provides assistance with the JAG and CESF grants and subgrantee awarding process, when needed. Misty's duties include, but are not limited to, completing and submitting STOP, RSAT, and PREA required federal applications, reports, adjustments, and closeout packages; administering Idaho's STOP, RSAT, and PREA solicitations and subawarding process; reviewing and approving required STOP, RSAT, and PREA subgrantee financial and programmatic reports, adjustments, and draw requests; providing technical assistance to all subgrantees and federal agencies; monitoring and auditing STOP, RSAT, and PREA subgrantees through site visits and desk audits; and updating and maintaining the PGR website. She will process subgrantee draw requests through the state accounting system, assist new subgrantees with the required paperwork to get set up in the state accounting system for payments, provide financial technical assistance to ISP JAG subgrantees when needed, and complete and submit the federal financial reports. Her annual salary is \$50,502 and she will spend an estimated 10% of her time financially assisting with the JAG, SORNA, and PREA awards.

\*\*\* Please note that all percentages of time are estimates. As State of Idaho employees, grant staff record their time using an online timekeeping system through the State Controller's Office. ISP's Employee Handbook contains policies and procedures on Time Management/Reporting/Use of Leave which is governed by federal law, Idaho Code Title 67 Chapter 53, Division of Human Resources (DHR) Executive Branch Agency Policies, and the IDAPA rules of the DHR and Idaho Personnel Commission. PGR grant managers and the financial specialist track their time according to actual hours spent to the nearest 1/10 of an hour (or 6 minute intervals) on individual grant activities and charge to the specific grant related to that activity on bi-weekly timesheets (per 2 CFR 200.430).

Time studies are used to determine cost allocation amounts for paid leave (sick, vacation, and holiday) for fully grant funded employees, including all PGR grant managers and the financial specialist.

**\*Base: Total direct salaries and applicable fringe benefits**

**Treatment of Fringe Benefits:** Fringe benefits applicable to direct salaries and wages are treated as direct costs.

## SECTION II: GENERAL

**LIMITATIONS:** Use of the rate(s) contained in this agreement is subject to any statutory or administrative limitations and is applicable to a given grant or contract only to the extent that funds are available. Acceptance of the rate(s) agreed to herein is predicated on the conditions: (1) that no costs other than those incurred by the grantee/contractor were included in its indirect costs pool as finally accepted and that such costs are legal obligations of the grantee/contractor and allowable under the governing cost principles; (2) that the same costs that have been treated as indirect costs are not claimed as direct costs; (3) that similar types of costs have been accorded consistent accounting treatment; and (4) that the information provided by the grantee/contractor which was used as a basis for acceptance of the rate(s) agreed to herein is not subsequently found to be materially incomplete or inaccurate.

**AUDIT:** Adjustments to amounts resulting from audit of the cost allocation plan upon which the negotiation of this agreement was based will be compensated for in a subsequent negotiation.

**ACCOUNTING CHANGES:** The rate(s) contained in this agreement are based on the accounting system in effect at the time the proposal was prepared and the agreement was negotiated. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this rate(s) require the prior approval of the office responsible for negotiating the rate(s) on behalf of the Government. Such changes include but are not limited to changes in the charging of a particular type of costs from indirect to direct. Failure to obtain such approval may result in subsequent cost disallowance.

**FIXED RATE (S):** The fixed rate (s) contained in this agreement is based upon estimate of the costs which will be incurred during the period for which the rate applies. When the actual costs for such period have been determined, an adjustment will be made in a subsequent negotiation to compensate for the difference between that cost used to establish the fixed rate and that which would have been used were the actual costs known at the time.

**NOTIFICATION TO FEDERAL AGENCIES:** Copies of this document may be provided to other Federal offices as a means of notifying them of the agreement contained herein.

**SPECIAL REMARKS:** Federal programs currently reimbursing indirect costs to this Department/Agency by means other than the rate(s) cited in this agreement should be credited for such costs and the applicable rate cited herein applies to the appropriate base to identify the proper amount of indirect costs allocated to the program.
