

BIOLOGY/DNA CASEWORK AND DNA DATABASE ABBREVIATIONS

Abbreviation	Definition
addn'l	additional
ALS	alternate light source
amp	amplification
amp'd	amplified
amt	amount
anec	anucleated epithelial cell
a-nuc	anucleated
AP or AcP	acid phosphatase
app	apparent
bact	bacteria
bio	Biology
bld	blood
bldstn	bloodstain
blk	black
blu	blue
bp	brown paper
bpb	brown paper bag
brn	brown
ce	capillary electrophoresis
comb	combings
cont	continued
cont'd	contained
cont'g	containing
crdbrd	cardboard
ctrl	control
CW	casework
DB	database
decon	deconvolution
diam	diameter
dil	dilute
drk	dark
e-cell	epithelial cell
env	envelope
epg	electropherogram
ets	evidence tape sealed
evld	evidence
FES	Forensic Evidence Specialist
fluor	fluorescent
fmc	foreign matter collection
frig	refrigerator
frz	freezer
grn	green
gs	gum/glue sealed
hr	hair
ID'd	identified
inc	inconclusive
inj	injection/inject

Abbreviation	Definition
ls	label sealed
lt	light
mag	magnifying
man	manila
mat	material
med	medium
micro	microscopic exam
misc	miscellaneous
mult	multiple
NE	not examined
nec	nucleated epithelial cell
nuc	nucleated
neg	negative
obs	observe/observed
orig	original
phc	pubic hair combings
pkg	package
pkg'd	packaged
pkt	packet
pnk	pink
pos	positive
poss	possible
prev	previously
prop inv	property invoice
prpl	purple
pt	patient
pub	pubic
Q	questioned
quant	quantitation/quantification
quant'd	quantified
rcv'd	received
ref	reference
repack	repackaged
rt	right
rxn	reaction
	sexual assault evidence collection kit
saeck	
sak	sexual assault kit
slt	slight
sm	small
stc	said to contain
std	standard
stds	standards
swb	swab
sz	size
ts	tape sealed
v	very
vag	vaginal

BIOLOGY/DNA CASEWORK AND DNA DATABASE ABBREVIATIONS

ir	infrared
It	Item
K	known
kbs	known blood stain
khh	known head hair
kph	known pubic hair
lbl	label
lbld	labeled
lg	large
LR	likelihood ratio

wbc	white blood cell
we	white envelope
wht	white
wk	weak
x-lg	extra-large
ylw	yellow
zlb	zipper lock bag
---->	to

Note: tape-sealed implies evidence tape-sealed when referring to an analyst generated seal unless otherwise noted and meets the current quality manual definition of a "proper" seal.
