

BIOLOGY/DNA CASEWORK AND DNA DATABASE ABBREVIATIONS

Abbreviation	Definition
addt'l	additional/additionally
ALS	alternate light source
amp	amplification
amp'd/amped	amplified
anec	anucleated epithelial cell
AP or AcP	acid phosphatase
bio	Biology
bpb	brown paper bag
CE	capillary electrophoresis
cont'g	containing
ctrl	control
CW	casework
D/diff	differential
DB	database
decon	deconvolution
dil	dilute
e-cell	epithelial cell
env	envelope
epg or egram	electropherogram
ets	evidence tape sealed
FES	Forensic Evidence Specialist
FS	Forensic Scientist
fluor	fluorescent
gs	gum/glue sealed
init	initialed
ID'd	identified
inc	inconclusive
inj	injection/inject
IR	infrared
K	known
kbs	known blood stain
lg	large
LR	likelihood ratio
ls	label sealed
lt	light (ie: light staining)
man	manila
med	medium
micro	microscopic exam
ND/non-diff	non-differential
NE	not examined
nec	nucleated epithelial cell
neg	negative
obs	observe/observed
pkg	package
pkg'd/pack	packaged
pos	positive

[illegible]

Note: S's may be added for pluralization. For example, envs = envelopes.
