

Idaho Forensic Science Forum

A monthly presentation of the most current and timely information regarding forensic science in Idaho. The briefing is open to officers of the court, law enforcement, and other stakeholders such as public officials and employees. Registration for this webinar series requires a public email address or special permission by the ISPFS Lab System Director.

Register at: <https://forms.gle/LvGV33v4fhgb7TdaA>

When: **December 8th, 2022**

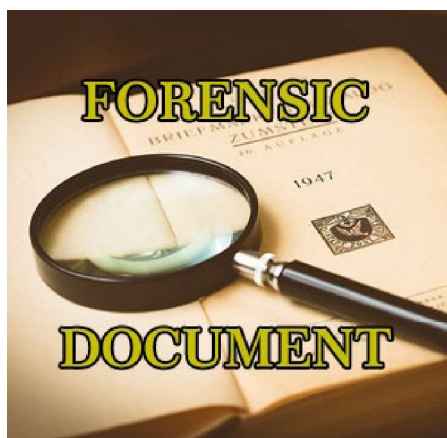

Time: **1430**

Topic: **Forensic Documentation Examination**

The Idaho State Police Forensic Services Forensic Document Examination section is pleased to provide the examination and interpretation of document evidence to our client agencies. Whenever a document is used during the commission of a crime, the follow-up investigation is often the critical issue in determining the authenticity of a questioned document in resolving a dispute or criminal matter.

This one-hour course will provide the following:

- Instruction on how to take a handwriting exemplar that will get the most information for the examiner
- Tips on how to recognize and deter disguise in a handwriting exemplar
- Overview of the types of services offered to assist in casework
- Guidelines to submit evidence for the most expedient service
- Explanation of reported laboratory conclusions

Forensic Document Examinations Offered:

**Handwriting * Printing processes * Indented documents * Altered documents *
Physical match * Non-destructive ink and paper * Charred documents * Liquid-soaked
documents * Dating methods * Rubber Stamps**
