Subject: Revision to Idaho Breath Alcohol Standard Operating Procedure

This is a notification that ISP Forensic Services published a revision to our standard operating procedure 6.0 (Idaho Breath Alcohol Standard Operating Procedures). This update is available on our website <http://www.isp.idaho.gov/forensic/certificates.html#BATManuals>. The history page in the document provides the changes made to the document. The changes in this document are effective today. Section 5.0 and section 5.2.5 were slightly revised for clarification purposes. Any questions or comments should be directed to the Alcohol Discipline Leader Jeremy Johnston at jeremy.johnston@isp.idaho.gov or Quality Manager Matthew Gamette at matthew.gamette@isp.idaho.gov
