Subject: Idaho Breath Alcohol SOP Changes

The Breath Alcohol Standard operating Procedure 6.0 had been updated. There were no significant procedural changes made to the document. Clarifications were made with regards to the use and necessity of the 0.200 performance verification checks as well as the performance verification options. Some terminology was changed. The specific changes can be viewed in the History section of the document. The document is posted on our website at

<http://www.isp.idaho.gov/forensic/documents/6.0IdahoBreathAlcoholStandardOperatingProcedureRev3.pdf> Effective 2/1/2013 ISPFS will have a new website. All the breath testing information will still be on our website, but the look and links will be different. The new link on 2/1/2013 is

<http://www.isp.idaho.gov/forensics/index.html> Please note that our new website has an S at the end of the word forensics.

Please let us know if you have any questions or concerns.
