

AMERICAN SOCIETY OF CRIME LABORATORY DIRECTORS LABORATORY ACCREDITATION BOARD

March 24, 2016

Matthew Gamette
Idaho State Police Forensic Services
Laboratory System
700 South Stratford Drive, Ste 125
Meridian, ID 83642

Dear Director Gamette:

ASCLD/LAB Executive Director Pamela Bordner has approved the continuation of accreditation of the three (3) labs of the Idaho State Police Forensic Services - Laboratory System, based upon the results of the off-site surveillance activity, completed by ASCLD/LAB Lead Assessor Harry A. Fox, III on March 11, 2016.

Enclosed with this correspondence you will find a final copy of the Off-site Surveillance Report. Continuation of accreditation does not change the expiration date of accreditation. Rather, this action is an annual, formal acknowledgement that a laboratory continues to operate in satisfactory conformance with accreditation requirements.

Congratulations for maintaining an on-going, acceptable level of conformance with the ASCLD/LAB-*International* accreditation requirements.

Best Regards,

Laurel J. Farrell
Senior Accreditation Program Manager
ASCLD/LAB
