

PROTECTING OUR KIDS, ONE HELMET AT A TIME

February 24 - March 14

Idaho College of Osteopathic Medicine's **Neurosurgery Club** is hosting a fundraiser to provide students in need across the Treasure Valley with a new bicycle helmet

We are partnering directly with local school districts, as we know there are many bright and deserving students who will be the recipients of the helmets donated

Donation Details:

- **The donation website allows donations in \$5 increment's**
 - Example: if you wish to donate \$25, you will input "quantity 5"

ABOUT US

Safety should always come first—whether riding bikes, scooters, or skateboards—especially for kids in our community. We want to make sure every child has access to a helmet to stay safe while enjoying outdoor activities, just in time for spring.

Help us reach our goal of providing 100 helmets to children who need them most! Join us in partnering with local school districts across the Treasure Valley on providing students with a new helmet.

WAYS TO CONTRIBUTE:

- Donation Website (use link or scan QR): <https://icom-student-organization-store.mybigcommerce.com/neurosurgery-helmet-fundraiser/>
- Drop off new helmets to ICOM or email us!
1401 E Central Drive, Meridian, ID
- Please ship new helmets to:
ICOM Helmets
PO Box 13
Caldwell, ID 83606
- Spread the Word: Share this flyer and tell others about the cause—together, we can make a big impact!
