When: February 16th, 2023

Time: 1:00 p.m. MST

Topic: Forensic Investigative Genetic Genealogy

Idaho State Police Forensic Services and the Idaho Cold Case and Advanced DNA Methods (ICCADM) team is pleased to present an overview of Genetic Genealogy and how to determine if your cold case is a good candidate for genetic genealogy. An overview of the make-up and work of the ICCADM will also be presented.

This one-hour course will provide the following:

- **What is Forensic Investigative Genetic Genealogy**
- **How does genetic genealogy solve cold cases**
- **Is my cold case a candidate for genetic genealogy**
- **What is ICCADM and how are they working for Idaho**
- **Who do I contact to talk about my cold case**

Presented by:
Rylene Nowlin
Idaho State Police Forensic Services
Meridian Laboratory Manager
